

UC MASTER GARDENER PROGRAM
YOLO AND SOLANO COUNTY

COMPOSTING WITH WORMS

July 23, 2026 3-4pm

Presenter: Janet Arias

Use worms to recycle your food scraps into nutrient-rich worm castings, the “gold standard” of soil amendments.

Learn how to set up and maintain a worm bin, and to harvest and use the castings in your garden. This is fun for kids, but it’s also great for gardeners who want to give their plants an extra boost.
