

UC MASTER GARDENER PROGRAM
YOLO AND SOLANO COUNTY

BACKYARD COMPOSTING

Aug. 27, 2026 3-4pm

Presenter: Janet Arias

Composting is a natural way to reduce trash, help address climate change, and convert your yard waste and food scraps into a free, high-quality soil amendment. It requires minimal effort, equipment, and expense, and it makes you feel good. Learn how to set up and maintain your backyard composting, from start to finish.
