

**Field Day:
Lettuce Fusarium wilt
research update
Friday, August 28, 2026
9 am-11 am**

[RSVP here!](#)

**<1 % *Fusarium wilt foliar
symptoms on susceptible
check***

Location

36.451949, -121.386097 (See the map on the next page.)

Registration starts at 8:45 am. Refreshments will be provided. Please RSVP.

The field trial will showcase our ongoing research on Fusarium wilt management, including variety and fungicide evaluation.

UNIVERSITY OF CALIFORNIA
Agriculture and Natural Resources

UC Cooperative Extension

Thank you Huntington Farms and California Leafy Greens Research Board for supporting the trials!

Take exit 307 and continue on Silliman Rd to the ranch entrance. Follow the red arrows to get to the site. There are UCCE field day signs to follow.
