

MY SPARK IS
ANIMALS

Caring for pets, livestock, and protecting endangered species

**4-H Youth
Development Program**
University of California
Agriculture & Natural Resources

A top-down view of various art supplies scattered on a dark wooden surface. The supplies include several tubes of paint in white, blue, red, yellow, and black, some with labels like 'Majors' and 'Adam & Patsy'. There are also brushes with wooden handles and black bristles, a pair of black-handled scissors, and a variety of colored pencils and markers in shades of green, yellow, red, blue, and orange. A small white card with colorful paint splatters is visible in the lower-left corner.

Painting,
drawing,
pottery,
photography,
dance, acting.

University of California
Agriculture & Natural Resources

An illustration on a textured, light brown background. On the left, a stylized human figure is shown in profile, facing right. The figure's head is a solid blue color. Their torso and arms are composed of numerous horizontal, wavy stripes in a variety of colors including yellow, orange, red, purple, and blue. The figure's right arm is extended towards the right side of the image. In the background, a faint, brown-toned world map is visible. Overlaid on the map and around the figure are several colorful, paper-like cutouts. These include: a large red speech bubble with three black dots; a yellow speech bubble with a black cross symbol; a white speech bubble with three black dots; a blue speech bubble with two white dots; a black Japanese character '井' (i); a red Japanese character 'ち' (chi); a blue Japanese character '人' (hi); a green letter 'e'; a purple letter 'q'; a black letter 'b'; a red letter 'P'; a yellow letter 'Q'; a white letter '1'; a blue letter 'F'; a white letter 'A'; and a black Japanese character '¥' (yen). The overall style is artistic and multicultural.

Learning and practicing languages

(like English, Spanish, sign language and others.)
