Register now for a California Post- Fire Forest Resilience Workshop

Online weekly Tuesdays, 6:00pm – 7:30pm, September 6th to October 4th and in-person field trips on October 12th, Thursday 13th, Friday 14th (attend one)

Participants will use online resources on their own time to complete learning modules and short activities. Zoom meetings with all participants and presenters will take place once a week on Tuesdays, 6-7:30pm. The focus is on recent fires in the northern / central Sierra Nevada. The in-person field trips will visit the Dixie, Caldor & Tamarack fires to see fire impacts, restoration needs and strategies and restoration projects on private and public lands.

Learn about managing forestland after wildfire:
• Increasing disturbances in Sierra Nevada forests
• Post-wildfire issues: erosion, invasives, hazard trees, fuels
• Time frame and steps needed for reforestation
• Landowner support groups and financial assistance
• Safety and erosion control for the short and long term
• Dealing with dead trees/salvage logging/slash treatment
• Reforestation/seedling orders/climate change/planting
• Dealing with competing vegetation and on-going maintenance
• Getting professional help and cost-share opportunities

Registration for the workshop is $25. Sign up now at:
