

November 20, 2019

Dear Sponsor,

The Glenn County Fair is fast approaching, and we are proud to announce that the Glenn County 4-H/FFA Replacement Heifer Sale is once again one of the exciting events occurring at the fair this year.

We had an impressive sale last year with over 60 heifers being sold and this year we have close to eighty participants. We will once again be offering not only two year old heifer springer projects, but yearling heifers and 90 to 120 day old calves. We are so thankful that this project has become a contributing group at the fair and allows us to show other members of the county a glimpse into the dairy industry. The dairy barn will year will be full of happy California cows, calves and kids!

Once again, we are responsible for preparing the sale program and are seeking funds by selling advertisements in the sale catalog. This sale depends solely on the support of the businesses in our communities and the dairy industry. The funds are used to put the sale on with keeping the cost to the kids at a minimum.

If you are interested in placing an ad in our program this year, please complete and return the enclosed from with your ad or business card and appropriate payment by March 6, 2020. If you own or work for a business that is interested in donating items to our sale, please text, email or call our program leaders directly.

If you have any questions, please call or text the program leaders, Regina Byrd 200-1684 or Robin Kampmann 624-3043. If you wish to email your ad, you may do so to glennheifersale@yahoo.com.

Thank you very much for your ongoing support! It is greatly appreciated.

Sincerely,

Participants of the Tri County 4-H/FFA Replacement Heifer Program
