## **Glenn County Youth to Celebrate National 4-H Week: October 2-8**

Every year, National 4-H Week sees millions of youth, parents, volunteers and alumni come together to celebrate the many positive youth development opportunities offered by 4-H. A campaign was created by National 4-H Council to rally support for Cooperative Extension's 4-H program and identify solutions to eliminate the opportunity gap that affects 55 million kids across America. The theme for this year's National 4-H Week is "Opportunity4All." 4-H Brings opportunity and experiences to kids from all backgrounds.

With so many children struggling to reach their full potential, 4-H believes that young people, in partnership with adults, can play a key role in creating a more promising and equitable future for youth, families and communities across the country. In 4-H, we believe every child should have an equal opportunity to succeed. We believe every child should have the skills they need to make a difference in the world.

Glenn County 4-H will observe National 4-H Week this year by highlighting some of the inspirational 4-H youth in our community who are working tirelessly to support each other and their communities. The 4-H Program Community Education Specialist, Christine Kampmann, and County Director, Betsy Karle, along with 4-H youth members: Nivia Guerrero, Adrianna Hurlburt, and Chevy Schroer presented the National 4-H Week Proclamation at the Glenn County Board of Supervisors meeting on Tuesday, October 4, 2022. In Glenn County, more than 350 4-H youth and volunteers from the community are involved in the 4-H program.

One of the most anticipated events of National 4-H Week every year is the 4-H STEM Challenge, formerly known as National Youth Science Day. Rutgers University is proud to announce the release of the 2022 4-H Stem Challenge “Explorers of the Deep” activities explore important STEM topics ranging from physics and engineering to computer science. To learn more about how you can get involved, visit:

**About 4-H** – 4-H, the nation’s largest youth development and empowerment organization, cultivates confident kids who tackle the issues that matter most in their communities right now. In the United States, 4-H programs empower six million young people through the 110 land-grant universities and Cooperative Extension in more than 3,000 local offices serving every county and parish in the country. Outside the United States, independent, country-led 4-H organizations empower one million young people in more than 50 countries. National 4-H Council is the private sector, non-profit partner of the Cooperative Extension System and 4-H National Headquarters located at the National Institute of Food and Agriculture (NIFA) within the United States Department of Agriculture (USDA).
