HELP THOSE IN NEED IN OUR COMMUNITY

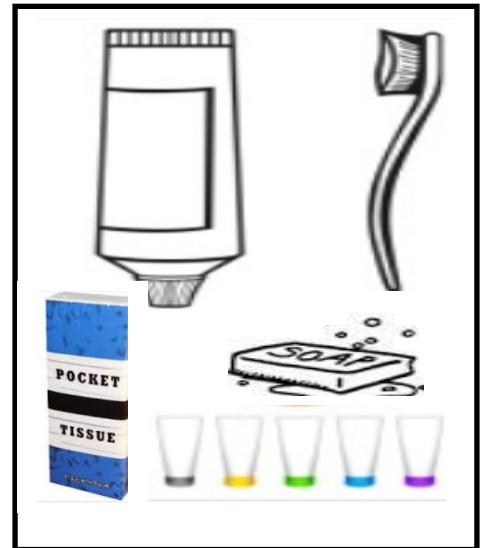

Hygiene Helper Kits

Payton & Tara are partnering with the St. Vincent de Paul Center to help those in need in our local community. Hygiene Helper kits will be added to the food bags already distributed to those in need throughout Kings County the 3rd Sunday of the month by the St. Vincent de Paul Center.

Payton and Tara hope to collect enough items to fill **200** hygiene helper kits that will be distributed from October, 2014 through February, 2015.
