Hi I'm Kayla McCalvy and I'm working on building my leadership skills through my Emerald Star Project – Cancer Care Packages. With your help, my goal is to distribute 100 or more care packages to patients going through cancer treatments. I plan to distribute the care packages at Sequoia Regional Cancer Center, California Oncology of the Central Valley and Children's Hospital Central California. Please help me in making an impact in the life of a cancer patient. Thank you in advance for your generous support.
