CLOVER SAFE #81  CAMPFIRE COOKING SAFETY

Cooking over a campfire can be a challenging and rewarding experience that can also result in a good tasting meal. However, it must be conducted with care to assure that participants do not get burned or the campfire does not inadvertently become uncontrolled and result in an unintentional wildfire.

This Clover Safe note provides information about how to cook safely while using a campfire.

For additional information about campfire cooking safety, go to the Clover Safe note at: http://ucanr.org/cloversafe.

Clover Safe Notes are prepared by the UC ANR Office of Environmental Health & Safety, in support of the Statewide 4-H Youth Development Program.
