

Introduction to Beekeeping

WORKSHOP SERIES

3 of 3

Workshop **3** Honey, Bees, & Gardens

DESCRIPTION

The University of California Cooperative Extension is excited to offer a series of workshops on honey bees and beekeeping. This series is perfect for those who have little or no beekeeping experience and would like to obtain more knowledge and practical skills for owning and caring for their own colonies.

Participants will have the opportunity to learn about and practice many aspects of what is necessary to get their honey bee colonies started and keep them healthy and thriving. At the end of the series, they will be knowledgeable about beekeeping best management practices and the possible challenges with maintaining a healthy colony of honey bees.

The third workshop is focused on friendly gardening for honey bees and product of the hive.

PRESENTERS

Elina L. Niño, Ph.D. | Apiculture Research and Extension Specialist, E.L. Nino Bee Lab-UC Davis

Bernardo Niño | E.L. Niño Lab-UC Davis
