

UC Master Gardeners of Santa Barbara County present:

FREE MONTHLY ZOOM GARDEN TALK

Master Gardeners Sue Solomon, Lorie Nash, and Emmy Guzzon will present a research-based talk.

Growing houseplants brings nature into your home, enhances the decor, and can add to a sense of wellbeing for you and your family. There are studies which show that growing houseplants may also help clean the air inside the house.

The Master Gardeners will discuss how to care for houseplants, their growing needs, repotting, pruning, how to address possible problems, and give suggestions for easy to grow varieties.

We look forward to you joining us to help bring beautiful healthy houseplants into your home.
