

Join UC Master Gardeners of Santa Barbara County
and the City of Santa Barbara for:

ALICE KECK PARK BUTTERFLY GARDEN ANNUAL BUTTERFLY CELEBRATION!!

Create your own butterfly garden!

As native habitats diminish, join in providing California butterflies with places to support their continued presence in our areas. Butterfly lovers unite!

Get the information you need to try your hand at creating a butterfly garden at your house. Master Gardeners will be on hand to *show and tell*.

There will be visual information, handouts, and giveaways. Children can pick up a coloring booklet and plant a pollinator seed.

There will be several booths sharing information on:

- ◆ The history of the Butterfly Garden
- ◆ Plants for pollinators
- ◆ Monarchs and their lifecycle
- ◆ How to create a backyard Butterfly Garden
- ◆ Native Milkweed

Plus, a kid's station!

**Please join us for this event
to learn about California butterflies
and how to support them!**
