ALL-STAR REFLECTION

Discuss your most recent All-Star year. Some ideas for discussion: What did you learn? What did being an All-Star mean to you? How do you feel you made an impact? Did you spend the amount of time and effort as an All-Star that you'd intended? If you spent more, or less, time and effort than you'd planned, why? What did you wish had turned out differently? How do you think the All-Star program or team could be strengthened or improved? How do you think the All-Star program could be leveraged to better assist the 4-H program in San Mateo County? What additional support or resources do you think the All-Star team could benefit from? Do you need more, or less, guidance from the All-Star adult advisor(s)? What do you see as the best ways for the team to communicate, set meetings, and plan for projects and activities? Were you happy with how much input you had in how the team ran? How would you like to be a force of change in the All-Star program in the coming year?

MY ALL-STAR PLAN: (Attach additional sheets as needed)

This should be a program designed by the All-Star applicant involving either members of the community or other 4-H clubs other than your own club. This plan should be a program of your proposed leadership to be offered during the All-Star year. The plan may cover events – such as field days, training programs, etc. – or starting and working with a new club(s), new community service projects, etc.

Is this All-Star Plan a continuation of your previous plan (a multi-year project)? _____
If “Yes”, please also fill out the next page; otherwise, skip the next page.

MY CONTINUING ALL-STAR PROJECT STATEMENT: (Attach additional sheets as needed)

Why is this project best suited as a multi-year project? Was your original project (in prior year) planned as a multi-year project? If not, why was the project not completed and/or why does it need additional time or focus in this additional year? Has the scope of your project increased? Are there challenges in finishing this project that require special support or budget? (If so, please describe.) Is this project able to be completed by the end of this new All-Star year?
