

## **4-H Youth Development Meeting (open to all 4-H Staff): Staffing Plan R&R Feedback, Volunteer/Staff Experience Activity**

Monday, April 24 from 9 AM – NOON, Salon A1

Contact: Zeva Cho, [zfcho@ucanr.edu](mailto:zfcho@ucanr.edu)

### **Meet, Share, Learn**

This pre-conference session is intended to provide opportunities for staff, professionals, and academics affiliated with the 4-H Youth Development Program (or those interested in learning more) to meet, learn and provide feedback.

In the first part of this session, together as a group we will explore our views of the 4-H experience based on our various roles in California's 4-H program and then contrast that with the volunteer experience. You will discover if your experiences align with or contrast with overall experience expressed by volunteers. You will also receive insight into how volunteers feel valued by our organization and given tools to help increase volunteer appreciation. The second part of our session will give you an opportunity to provide feedback on the staffing plan and the impact it has had on your work.
