You have until April 6th to register or change your registration for the UC ANR Statewide Conference 2023. If you didn't include time for the Monday, April 24th meetings, see all the events being planned below and adjust your travel plans so you can join in!
Make plans to join and contribute your ideas, experience and knowledge about your work and the communities you support. Your participation will help us clarify and develop the strategic plan for Community Nutrition & Health.

All sessions will be held in the same room, Salon B (we'll just rename it "Community Nutrition & Health Room" for the day).
Sharing Successes & Collaborations

11:00 am - 12:00 pm

In this interactive session, you will learn about strategies that succeeded and the ways that different programs collaborated to serve their communities. Afterwards, reflect together in small groups on ways you can use some of these ideas in your county.
Get inspired with examples of the work being done in other states to address Community Nutrition and Health. Learn from case studies on how the Cooperative Extension offices from across the country are expanding their work to make a positive impact towards healthier communities for all. This session is hosted by the Food Literacy and Healthy Lifestyles Program Team.
All Staff Meeting: CalFresh Healthy Living, UC and EFNEP
2:00 pm - 3:30 pm

We finally get to meet all together IN PERSON! Connect with your colleagues from across the state.
Our last interactive session of the day will be World Café style, with several table conversations focused on meaningful topics. We’ll be collecting your field-based perspectives to inform and shape a strategic direction for Community Nutrition and Health work at UC ANR. Everyone is welcome!

Our impact relies on the expertise of community educators, advisors, specialists, administrators, and researchers working in programs/initiatives that address community health and wellbeing across California.
