

## Bilingual Landscaping Class Syllabus

Welcome! The Spanish Bilingual Landscaping Class is intended for professional landscapers in the North Bay who want to develop their business, or for someone aiming to get a job in professional landscaping. Because class size is limited, we respectfully request that only those interested in pursuing a career in landscaping apply.

Class will be held on Thursday nights, from 6-8:30 on Zoom, plus two Saturday in-person sessions (masks and social distancing required) as follows:

4 Marzo	Introducción a la Sustentabilidad, Suelos Intro
11 Marzo	Suelos Pt 2, Suelo Agua, Fert, & Biota, Mantillo & Composta
18 Marzo	Manejo Integrado de Plagas
25 Marzo	Árboles y Arbustos #1
27 Marzo (Sábado)	Árboles y Arbustos practica
1 Abril	Riego #1
8 Abril	Riego #2
10 Abril (Sábado)	Riego practica
15 Abril	Céspedes y Fertilizantes
22 Abril	Planta Correcta...Lugar Correcto
29 Abril	Repaso, Fuego, y Certificado

Class will be taught in simple English, with ample time for questions and clarification in Spanish. This is done to ensure that students understand and can use equivalent terms in both languages and is important for being able to effectively communicate with members of both communities. Instructors will vary from class to class.

Students must participate in all classes and both field sessions and must pass a final exam in order to receive a completion certificate. Please plan accordingly. Quizzes will be given during each class but are primarily used for attendance records. You will have two weeks to complete the take-home exam. Upon passing the final, we will post your name and preferred contact information on the Marin County UC Cooperative Extension website to support your business. If you would prefer other arrangements, please let us know during registration.

The Zoom link will be sent to you a few days prior to the class. If you have not received an email with a Zoom link by 2 March, please call 415 473-4204, and ask to speak to Martha or Ana.

The University of California Cooperative Extension is committed to bringing the benefits of research and education to everyone in California, regardless of race, color, or disability status. We do not share our data with anyone unless we are required to do so by a court subpoena, including individual data on our participants.

Thank you for registering, and we look forward to meeting you.
