Hello,

Attached is a letter of recommendation form for a teen 4-H member to become a Camp Counselor for the summer program. Please read and consider filling out for the teen.

California 4-H research shows that camps promote positive youth development. California 4-H camps foster exceptionally strong relationships for both campers and staff. Teens in our camp programs report significantly higher leadership and decision-making opportunities compared to camps in a national American Camp Association study.

While camp styles vary from county to county, they all provide unique opportunities for participants. Camp 4-H style helps young people to reach their full potential as competent, confident, leaders of character who contribute and are connected to their communities.

Every county 4-H program that offers a summer camp takes responsibility for training their youth and adult staff. Leadership is identified for various camp functions and training generally consists of 7-8 months of preparation. Camp staff members meet on a regular basis to learn their responsibilities.

In Monterey County, Teen staff and Teen counselors served as role models, mentors and friends to younger campers. Teens are encouraged to be actively involved in trying to develop a camp that is fun for the campers. Our summer camp is held for 5 days in June in the Santa Cruz Mountains. It is an annual and loved event for over 100 4-H members.

Camper-teen relationships can be some of the most powerful statements made about camp and are a testament to the unique benefits of teen leadership at 4-H camp.

Thank you for your belief and support of our youth program.

Questions? Contact the Monterey County 4-H offices at 831-759-7386.

The University of California Division of Agriculture & Natural Resources (ANR) prohibits discrimination or harassment of any person in any of its programs or activities (Complete nondiscrimination policy statement can be found at <http://ucanr.org/sites/anrstaff/files/107778.doc>)
