

NEW: Health Information in 4hOnline

As of July 1, 2017 members can now enter their health information into 4hOnline instead submitting a paper form to their Club Leader!

In this new system, Club Leaders and 4-H Staff will be able to view and download health information directly from 4hOnline. Another benefit is that families can easily update their health information by logging onto their 4hOnline account and making the changes directly.

Members without internet access may continue to use the paper form with the rest of their paper enrollment package.

If you have any questions about this new option, please contact Julie Katawicz at 831-763-8015 or jkatawicz@ucanr.edu.

All individuals should enroll themselves into the 4hOnline enrollment system.

4hOnline is a web-based system used to enroll youth and adults in the California 4-H Youth Development Program. 4hOnline may be accessed from any computer connected to the Internet 24 hours a day, 7 days a week. For more information about 4-H Enrollment, please contact your Club's Enrollment Coordinator or Michelle Drummond, 4-H Secretary (209) 953-6106.

Please refer to the following guides as needed for step-by-step instructions:

- [Returning Adult Volunteers - 4hOnline instructions](#)

Set up in Family Accounts: 4hOnline groups enrollments within a "Family Account." One family account is created to enroll youth and adults within that family.

Usernames & Passwords: The username is the family email address. In order to log in to the system or create a new family account, a valid email address must be used.

Each family account must have a unique email address; they cannot be shared with any other family accounts. Passwords may be changed once you are logged into the system.
