

**LABORATORIES TESTING SOIL FOR HOME GARDENERS
IN LAKE COUNTY**

Dolores Folks, UCCE Master Gardener
Rachel Elkins, Pomology Farm Advisor, Lake and Mendocino Counties

The intent of this information is to identify some commercial analytical laboratories that routinely perform testing for the Lake County public. Reference to these laboratories is made with the understanding that no discrimination is intended and no endorsement is implied.

For standard lab tests for garden soil, any information on cost or other details should be obtained from individual labs. Check out their websites for detailed information.
