

Distal end of navicular bursa	Distal ligament of distal sesamoid bone	Frog <i>(horny or insensitive frog)</i>
Frog <i>(sensitive frog)</i>	Digital cushion <i>(plantar cushion)</i>	Distal sesamoid bone <i>(navicular bone)</i>
Suspensory ligament of distal sesamoid bone	Proximal end of navicular bursa	Distal end of digital sheath
Deep digital flexor tendon <i>(deep flexor tendon)</i>	Superficial sesamoidean ligament	Middle sesamoidean ligament
Ergot	Fibrous tissue underlying ergot	Intersesamoidean ligament
Ring formed by superficial flexor tendon	Proximal end of digital synovial sheath	Volar pouch of capsule of fetlock joint
Metacarpal bone <i>(cannon bone)</i>	Skin <i>(haired skin)</i>	Tendon of common extensor <i>(extensor tendon)</i>
Bursa	Capsule of fetlock joint	Cavity of fetlock joint
Metacarpophalangeal joint <i>(fetlock joint)</i>	First phalanx <i>(P1 or long pastern)</i>	Cavity of pastern joint
Proximal interphalangeal joint <i>(pastern joint)</i>	Branches of digital vessels	Middle phalanx <i>(P2, second phalanx, or short pastern)</i>
Distal interphalangeal joint <i>(coffin joint)</i>	Cavity of coffin joint	Corium of perpiople <i>(perpioplic ring)</i>
Perpiople	Coronary corium <i>(coronary band)</i>	Distal phalanx <i>(P3, third phalanx, coffin bone, or pedal bone)</i>
Wall <i>(hoof varnish and hoof wall)</i>	Laminae <i>(horny or insensitive laminae)</i>	Laminae intermesh <i>(white line)</i>

Laminae (sensitive laminae)	Sole (horny or insensitive sole)	Corium of sole (sensitive sole)
	Deep digital flexor tendon (deep flexor tendon)	

Anatomy of the Foot - for the novice

Skin	Extensor tendon (tendon of common extensor)	Fetlock joint (metacarpophalangeal joint)
Long pastern (first phalanx)	Pastern joint (proximal interphalangeal joint)	Short pastern (middle phalanx)
Coffin joint (distal interphalangeal joint)	Periopic ring (corium of periopic)	Periopic
Coronary band (coronary corium)	Coffin bone or Pedal bone (distal phalanx)	Hoof wall (hoof varnish and wall)
Insensitive or horny laminae	White line (laminae intermesh)	Sensitive laminae
Insensitive or horny sole	Sensitive sole (corium of sole)	Deep flexor tendon (deep digital flexor tendon)
Insensitive or horny frog	Sensitive frog	Plantar cushion (digital cushion)
Navicular bone (distal sesamoide bone)	Deep flexor tendon (deep digital flexor tendon)	Ergot
	Cannon bone (metacarpal bone)
