

4-H EMERALD STAR

WHAT IS AN EMERALD STAR?

An Emerald Star is a 4-H member who wishes to share his/her skills and knowledge in any area of 4-H to help others. This is a working honor, and members receiving this honor must complete their plan within a year from the time they are selected. They will receive their Emerald Star Pin when their plan is completed.

WHAT IS AN EMERALD STAR PLAN?

It is a project which the member selects to plan and accomplish to help others on a county level, or in their community. The project or plan does not have to be a new idea. It can be planning a Dog or Horse Show, Field or Training Day for a project area, or doing a community service project to help others.

WHAT ARE THE REQUIREMENTS? *Timeline: April through March following year*

1. Any 4-H member who has achieved the Bronze Star, is in the 7th grade or above but has not previously held Emerald Star.
2. Prepare and present a plan to provide some type of leadership on a county level, or in the community.
3. The plan must reflect that you assume all financial costs: such as printing and distributing materials, etc. Should you need funding to complete the project you should identify where you are going to obtain the funding.
4. Submit one copy of the completed plan to the 4-H Office by the APRIL application deadline. (Any revisions must be completed and presented at the beginning Emerald Star interview).
5. Attend an interview discussion (Early MAY)
6. Present project to at least 2 clubs for feedback/evaluation during the project year.
7. *At the end of the project year*, provide a written self-evaluation with support materials (mid-APRIL) of work completed.
8. Attend a completion interview (APRIL), and present at the APRIL Leaders Council Meeting.

HOW ARE 4-H EMERALD STARS SELECTED?

4-H members submitting plans are interviewed by a panel of three judges. The plan they submit is reviewed to make sure that it has the following:

- ± It is of value to the Madera County 4-H Program, members and/or leaders.
- ± It is of value to the community and to others.
- ± The plan is realistic, practical and can be accomplished.
- ± The plan shows thought and is in keeping with what 4-H stands for.
