

## **MGNC Workshop June 25 - Houseplants**

**Workshop: Houseplants**

**Saturday, June 25, 2022**

**10 a.m. to noon**

**Demonstration Garden Pavilion on NID grounds**

**1036 W. Main St., Grass Valley**

Please join the Master Gardeners of Nevada County for a free, outdoor workshop on growing plants indoors. Houseplants need some specialized care. While they don't face the weather extremes that outdoor plants do, they do have to deal with challenges of light, humidity, ventilation, and limited soil. This workshop will help you learn the basics of houseplant care and how to solve problems. We'll talk about the best houseplants for Nevada County's arid climate (spoiler: maidenhair ferns are not on that list). We'll discuss watering, fertilizing, repotting, and diseases. Bring your own plants to show off or troubleshoot!

**Always check our website for the latest schedule updates related to weather and other concerns: [NCMG.ucanr.org](http://NCMG.ucanr.org).**
